Minutes from the June 12, 2020 Health Board Meeting

Commissioner Hipp said there was an email from NACo last night the Nevada Cares month. Esmeralda County's portion of that is \$159,000. That money can only be spent on money we spent because of COVID and future preparedness because of COVID. He is going to talk to Judge Johnson this morning on how to prepare in the future for things like this.

Commissioner Keyes wanted to know if there was a square foot per person capacity that we need to follow. Sheriff said it is 50% of room capacity. D.A. Glennen said we should already have the capacity per building. Commissioner Hipp said Mike Anderson might know. Commissioner Keyes will call him.

Sheriff Elgan asked D.A. Glennen if the Health Board could make the decision to open or if they had to wait until a commissioner meeting. Mr. Glennen said it would need to be on a commissioner meeting.

Parks: 50 people or less and 6 feet apart. Play equipment. It is hard to keep the kids off. The signs are still up that it is closed. Virus can live on plastic and metals for 72-96 hours.

Leave park as-is. Playground equipment is still closed. If people use it, it is at their own risk.

Commissioner Hipp will reach out to the Visitor Center and see when they would like to reopen.
